

### BASICS OF PAD PRINTING

<b>DURATION:</b>	1 ½ days
<b>SCHEDULE:</b>	Day 1: 9:00 am to 4.30 pm Day 2: 8.30 am to 12.30 pm
<b>PARTICIPANTS:</b>	8 – 12 persons
<b>SEMINAR FEE:</b>	EUR 295 per person Lunch, dinner and extensive training documentation included

This seminar gives an overview of the various application possibilities of pad printing and teaches the basics of the pad printing process.

We talk about the different ink systems and their specific strengths. Information on the extensive range of substrates will show you the way to the right choice of ink.

We are going to show you the basic adjustment possibilities of the inks, and we will provide useful guidelines for the specific processing of inks on various printing machine types.
